Building Designation: The Downtowner **Address:** 640 West Main Street

FIRE PROTECTION INFORMATION (where required)

Complete this part if you are submitting only for fire suppression or alarm review

Fire suppression and alarm plans are required for certain occupancies. See building approval letter or contact us for requirements. When required, the plans for fire sprinkler, fire detection, and fire alarm/suppression must be submitted to either our Waukesha, Madison or Green Bay office. Please include the original building transaction number on the second line of page 1, upper right hand box. Do not submit fire suppression or fire alarm plans together with building or HVAC plans. A separate application form and plan sets are required.

Statements of Owners and Designer

OWNERS Statement The owner indicated on page 1 requests that plans be reviewed for compliance with the code requirements set forth in Chapters SPS 361 to 365 of the department. The owner recognizes responsibility for compliance with all the code requirements and any conditions of approval. If a building is 50,000 cubic feet in total volume or greater, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer or architect {SPS 361 to 365}. Signatures and seals affixed to the plans shall be original.

DESIGNERS Statement (SPS 361) The designer indicated on page 1 of this form is responsible for preparing or supervising the preparation of the plans to the best of his/her knowledge to comply with the applicable codes of the Division of Industry Services for this submittal. If a building, following construction of this project, contains more than 50,000 cubic feet in volume, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer, architect, or designer {SPS 361}. Signatures and seals affixed to the plans shall be original.

Required Signatures

SUPERVISING PROFESSIONALS If building will be 50,000 cu ft or greater (SPS 361) I have been retained by the owner as the supervising professional per SPS 361 for the performance of the supervision of reasonable on-the-site observations to determine if the construction is in substantial compliance with the approved plans and specifications. Upon completion of construction, I will file a written statement with the Department and municipality certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specifications. In the event that I am no longer associated with this project I will file a compliance statement (SBD-9720) notifying the Department as such and indicating the current status of compliance.

Optional Service-Permission to start requested - Be sure to check box on front page)

() As the owner, I request to begin footing and foundation work PRIOR to plan review approval. I agree to make any changes required after plans have been reviewed, and to remove or replace any non-code complying construction. I understand that erosion control plans shall be prepared and a Notice of Intent form, SBD-10376, shall be filed with the Department prior to earth-moving activities that involve more than 1 acre in area. The owner will not permit construction above the foundation until approved plans are at the site.

(Additional \$75.00 fee per building) Request is for the following
